Vol 3/ Issue 3  
March 10/24

There are times when health above all else takes priority. In order to give Don Denman a much needed break to recover from recent health issues we are postponing our much anticipated major auction. When it will be rescheduled depends on many factors which are not yet foreseeable but rest assured it will happen in good time. Thanks everyone for your understanding. In its place this month at the March meeting we will have our typical usual fun filled bargain lot auction and of course members are invited to bring in their lots up for bid. It is not yet clear if we will have a Zoom presence at the meeting but we are working on that. If we can confirm that it is a go we'll send a notice out with link details. Regardless, we will have our Zoom capabilities restored as soon as possible. But we will definitely NOT have a Zoom auction this month.

So, as spring breaks early (Yay) we will meet for our usual fun this Sunday March 17 at Deerfield Community Center. We will have our 50/50 draw, door prizes, 5 cent stamps, 2023 Scott Catalogs, free table AND (Wait for it) the lots for our eventual auction that we have been trumpeting for several months on display. So, you'll be able to see the lots that will be in the first of two auctions featuring European countries, early Cuba, Germany and others. Some VERY nice stamps.

We hope we will be Show and Tell capable, so if you go to the link below you'll be able to upload favorites to your heart's content.

And of course, here is the link to our website:

<http://ashevillestampclub.org>

Looking forward to seeing y'all on Sunday at 1:00 or so. Come early to view auction material, indulge in our members' bourse bargains and generally hobnob and socialize with friends.

Til then, HaPpY Stamping!

Pres Frank
